

Name _____

ABI - The Next Generation GOES Imager

(Please see on-line module at <http://cimss.ssec.wisc.edu/satmet/modules/ABI/index.html>)

1. What does 'NPP' stand for in 'Suomi NPP'?
2. Which two government agencies are primarily responsible for operating JPSS?
3. What does 'GOES' mean?
4. What does 'ABI' stand for?
5. How many spectral bands are planned for the ABI?
6. What is the expected increase in temporal resolution (how frequently the satellite acquires images) with ABI?
